Section 1 ○○ Section 2 ○○ Section 3 ○○

Overview

Here Comes Section 1

- 1 Section 1
- 2 Section 2
- 3 Section 3

Time Travel with the Flux Capacitor

Section 1

Section 2

Section 3

Section 3

Section 1

Section 2

Section 3

Sect

First Frame

This is the first frame. It's not very exciting, but still it's the first frame.

Slides should contain a descriptive text. But not full sentences like these.

Second Frame

The second frame...it doesn't get any better.

Here is an itemize list:

- First item
- Second item
- Last item

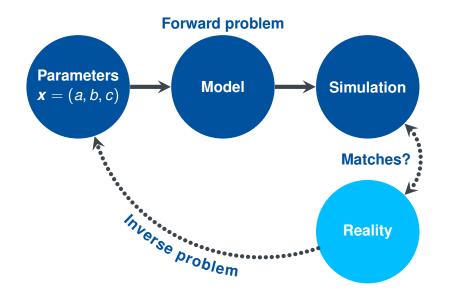

Note the round dots before the items.

Time Travel with the Flux Capacitor Dr. Emmett Brown Time Travel with the Flux Capacitor Dr. Emmett Brown

This Is Section 2

ection 1 OO Section 2 OO Section 3 OO

TikZ Example

Time Travel with the Flux Capacitor

Dr. Emmett Brown

Section 1 00

Section 2 ○●

Section 3 O

Another Frame

At the top, you can see the progress throughout the presentation. Each circle (round shapes – yay!) stands for one frame. For this to work, you have to add subsections in your presentation (if only with an empty text).

Also, there is a progress bar beneath.

Now the Last Section

 Section 1 ○○
 Section 2 ○○
 Section 3 ●○
 Section 1 ○○
 Section 2 ○○
 Section 3 ○●

Second to Last Frame

Last Frame

Now we're in Section 3. Here is an enumerate list:

- 1 First item
- 2 Second item
- 3 Last item

Again note the round shapes...

This is the final frame.
